Agreement for Chronic Opioid Therapy

Patient Name: _____ DOB: _____ Date: _____

Spine Muscles Nerves (SMN) may consider prescribing opioid medications for chronic pain. This decision was made because my condition is serious or other more conservative have not helped.

It is understood that us of opioid medications have risks associated with them, including: drowsiness, constipation, nausea, vomiting, itching, dizziness, allergic reactions, slowed breathing, slowed reflexes or reaction time, physical dependency, tolerance, addiction, and that the medicine may not provide complete relief. I am aware of the possible risks and benefits other types of treatments that may be used for my benefit.

I will tell my doctor about all other medicines and treatments that I am receiving.

I will not involve myself in any activity that may be dangerous to me or someone else if I feel drowsy or I am not thinking clearly, and if my reflexes and reaction time might be slowed. I will avoid activities that may put me or others in danger, such as: using heavy equipment or machinery, operate a motor vehicle, working at dangerous heights, or being responsible for another individual who depends on me for his or her care.

I am aware that other medications, such as Naloxone (Narcan), Naltrexone (Vivitrol), Buprenorphine (Subutex), Buprenorphine/Naloxone (Suboxone, Zubsolv) may reverse the action of the medicine I am using for pain control. Taking any of these other medicines while I am taking my pain medicines can cause symptoms that will make me feel like I have the flu, called **Withdrawal Syndrome**. I agree not to take any of these medicines and to tell any other doctors that I am taking an opioid for pain control and cannot take any of the medicines listed above.

I am aware that **Addiction** is defined as the use of medicine even if it causes harm, having cravings for a drug, feeling the need to obtain and use a drug to control those cravings, even with the risk of decreased quality of life. I am aware that the chance of becoming addicted to pain medicine is low. I am aware that the development of addiction has been reported in medical journals and is much more common in a person who has a family member or personal history of addiction. To the best of my ability, I agree to tell my doctor my complete and honest personal and family drug history.

I understand that **Physical Dependency** is a normal and expected result of using these medicines over a long period of time. I understand that physical dependency is not the same as addiction. I am aware that physical dependency means that if my pain medicine use is markedly decreased or stopped, I will experience **Withdrawal Syndrome**, which tends to present with any of the following: runny nose, yawning, large pupils, goose bumps, abdominal pain and cramping, nausea, vomiting, diarrhea, irritability, body aches, and flu-like symptoms. I am aware that opioid withdrawal is uncomfortable but not life threatening.

Agreement for Chronic Opioid Therapy (continued)

The following pertains to receiving opioid medicines from SMN:

- Changes to opioid medications require an office visit before a new prescription may be given. It will be required for you to bring in unused medications to the office before a new prescription will be given.
- Opioid medications may not be refilled early.
- If medication is lost or stolen, a new prescription will not be given until your next scheduled refill date.
- I will need to protect my medications from being lost/stolen, which may require use of a lock box.
- If prescribed by SMN, I agree to receive opioid medications from **only** this practice.
- To avoid possession of multiple opioid prescriptions, I will discard all previously prescribed opioid medications, because if future testing shows old prescriptions in my system, then that will be deemed a failed screen.
- **Urine Drug Screens** will be done as part of an evaluation of compliance. If a urine sample cannot be given, then a cheek swab may be done.
- **Random Pill Counts** may be requested to ensure compliance with medication prescribed.

I understand that I may be dismissed due to any of the following:

- Use of illegal drugs/substances.
- Taking medication that is not part of the SMN treatment plan.
- Obtaining medications from other providers. If you do not notify other practices you are receiving opiates and subsequently receive opiates from them, then that will be a violation of your Agreement.
- Refusal to provide a drug screen sample.
- Pill counts being refused, or not done on the requested date/time.
- Pill counts resulting in having overtaken, thus having less medication than should be present.

I understand that I will:

- **NOT** adjust the dose or frequency of my medication(s) without consulting the provider **FIRST**.
- **NOT** give my medications to others.
- **NOT** take pain medications for any other purpose than pain relief.
- **NOT** alter my medication in any way and I will only consume my medications as directed and in the form received from my pharmacy.

I have read this form or it has been read to me. I understand my responsibilities as outlined above. I understand that violating any of the above policies in the Agreement may lead to my dismissal from the practice. I have had a chance to have all of my questions regarding this treatment answered to my satisfaction. By signing this form voluntarily, I give my consent for the treatment of my pain with opioid pain medicines. This Agreement will remain in effect as long as I am being prescribed controlled substances (ex, pain medication) by my provider at Spine Muscles Nerves.

FINANCIAL POLICY

Welcome to Spine Muscles Nerves!

We are dedicated to you, our patient, with our goal to give you the best care available. We know that dealing with the financial side of your care may be confusing and stressful.

Like all businesses, our practice must collect payments for our services in order to remain financially viable. However, unlike other businesses, medical practices typically receive payment from businesses (health insurance carriers) other than the individuals to whom they provide services, which can take up to 30 days or more to receive after those services are rendered. In order to provide patients with high standards of care and expertise they come to expect, it is important that we work together to ensure accurate billing and timely payments for the services we provide.

Patient Demographic and Insurance Information

It is critical that we have correct demographic (personal) information about you and your health insurance coverage in order for us to bill accurately for the services we provide to you. This information includes:

- Your complete name, address, social security number, and phone number.
- If different, the subscriber's complete name, address, social security number, and phone number.
- The name of your insurance company, the group and subscriber number, or other identifying numbers.
- A copy of your insurance card, which also shows important information about your plan.
- The name, address and phone number of the physician (usually your primary care physician, or other specialist) who is referring you to our office.

Please bring a valid I.D. to each visit so we can verify and update your demographic information, and for patients with insurance, please bring your current insurance card for your primary and (if applicable) secondary insurance. This is to ensure accurate billing information and to protect you by confirming that we are providing services to the correct individual. This is no different than when you check into a hospital or urgent care center. Please understand that our staff will ask for this information and these documents even if you have recently been seen in our office. We rely on the information you provide in order to bill third parties for your medical services. Please be sure to report all potential third party sources of payment (auto, work comp, supplements, etc). If you do not provide us with the needed information in a timely manner, you may be responsible for payment for services rendered. ***Balances that are not paid due to errors or omissions in the information you provide may result in the entire balance becoming your responsibility.***

Insurance Payment & Patient Responsibility

It is your responsibility to understand your insurance plan benefits and your responsibility for copayments, co-insurance, and any deductible amount for services you receive. **See chart below.** If you have questions on your insurance benefits coverage, you can call the Member Services Department listed on your insurance card regarding your coverage.

Please keep in mind, your insurance policy is a contract between you and your insurance. As a courtesy, we will file your claim.

There are several responsibility components that may apply to an insurance payment.

- **Deductible** – a set annual amount that the patient is responsible for paying prior to their insurance making a payment. It is your responsibility to know if *Spine Muscles Nerves* is an IN network or OUT of network provider under your insurance plan/coverage. There are normally separate deductibles for IN vs OUT of network providers, and they do not combine.
- **Co-Pay** – a set dollar amount per office visit that is the patient's responsibility. You are required to pay your office visit co-pay when you check in for your appointment. **If you do not have your co-pay, you will be re-scheduled.**
- **Co-Insurance** – a percentage of the charge that is the patient's responsibility. We may ask for payment up front.

Because of the contract you have with your insurance company, we are obligated to collect payment from you for your portion of the balance.

If you have a high deductible plan (\$1000 or more) and your insurance company reports a large amount of that deductible is unmet, then a down payment will be required at each visit until your deductible has been met. If you are unable to pay the down payment, then your appointment will be rescheduled.

Your insurance company will send you an Explanation of Benefits (EOB) to provide you with a summary of how your insurance company administered your benefits. This statement will also indicate what your responsibility is on a particular claim. If you disagree with how your benefits were administered, you need to direct your inquiries to your insurance company.

Please remember that it is up to you to understand the requirement of your individual insurance plan and that if a visit is not approved, your insurance company may not cover the service and you will be responsible for the bill. If you're not sure if a service is covered by your plan, we will be glad to call your insurance company in advance to see if you are going to be responsible for the bill. We must emphasize that as your healthcare provider, our relationship and concern is with you and your health, not with your insurance company.

As a courtesy, we will work with your insurance company to ensure that you receive all benefits due to you. However, most insurance plans do not pay 100% of the claims and any unpaid balance will become your responsibility.

We will be glad to work with you on payment plans for denied and non-covered services. Please contact the office at (614) 918-9808 to make arrangements.

Non-Covered Services

We follow current Pain Management standards of care and appropriate-use guidelines in recommending interventional treatments as part of your care. Please be aware that some parts of your treatments recommended to you may be determined to be non-covered services or may be considered "not medically necessary" based on the benefits provided by your specific insurance plan. You will be financially responsible for the costs of non-covered services and services that your insurance carrier declines to cover as "not medically necessary." In the event that our information indicates that a specific service or services may not be covered by your plan, you will be asked to sign an ABN, or Advanced Beneficiary Notice, outlining the services that we have determined may not be covered by your plan, and for which you agree to be responsible for payment, before we will provide those services to you. Please understand that even for insurance plans with which we participate, covered benefits may vary from one person's or employer's plan to another, and it is impossible for us to know what is covered under every plan. You are responsible for knowing the covered and non-covered benefits available under your plan. We will be happy to provide, upon request, the billing codes for your planned surgery. If you have questions, contact your employer's personnel department or your plan directly.

Verification of Insurance Coverage

We will verify your insurance coverage, including Medicare, at the time your visit or surgery is scheduled, and again shortly before your scheduled appointment or surgery. If your insurance coverage changes after you schedule your appointment or surgery, please notify us as soon as possible, before your visit. If we are able to confirm active coverage, you will be considered "self-pay." It may be necessary to reschedule your visit or surgery, depending on the service requested, whether or not we are able to verify your new coverage (and whether we participate with your new carrier), and whether or not you are able to make payments at the time of the visit.

Payment Methods

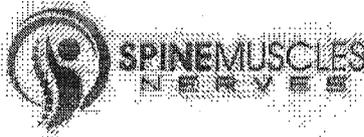

We accept a variety of payment methods, including: cash, check, money order, or credit/debit cards.

We understand that there may be times and circumstances that come up where you are unable to pay your entire bill. In these situations, it is VERY important that you contact us at (614) 918-9808, so a representative can assist you in setting up a reasonable plan and to keep your account from being sent to a collection agency.

Surgery

If your physician recommends surgery, your surgery will be scheduled by the medical assistant. The medical assistant will answer specific questions about the surgery scheduling process, discuss the paperwork and tests involved, and complete all pre-certification/authorization if your insurance company requires it.

We will require a pre-surgical deposit to go towards your surgery co-payment, deductible or any other amount deemed the patient's responsibility by your insurance carrier. After your insurance company has processed your claims, any amount remaining as a credit balance will be refunded to you.

Referrals

If your plan requires a prior authorization from your primary care physician, it is YOUR responsibility to obtain it prior to your appointment and have it with you at the time of your visit. If your plan requires a prior authorization and you do not obtain one, you will be held responsible for the visit charges in full at the time of service.

Cancellation/Missed Appointment Policy

We understand that on rare occasions, issues may arise causing you to miss your appointment without the ability to notify our office prior to your appointment. Should you experience any unforeseen circumstance that causes you to miss your appointment, please call our office to have it rescheduled.

We are committed to your wellbeing and have reserved your time just for you. Patients that miss more than one appointment without notifying our office prior to the scheduled appointment are subject to a **missed appointment fee**. This must be paid in-full before the appointment is rescheduled.

The cancellation of a scheduled surgery results in the failure to serve other patients as well as the disruption of the schedules for the Operating Room and other Healthcare Professionals.

We, therefore, respectfully request your understanding and cooperation with our Cancellation Policy.

Cancellation within 7 days prior to your procedure date will result in the loss of your deposit. Cancellations made because of a death or illness in the family will be exempt from this policy, and a full refund will be made.

Failure to Pay for Services Rendered

Returned Checks – For checks returned to us for non-sufficient funds, we will charge a \$50 fee. In addition, check privileges will be denied after the first returned check.

Multiple Statements – Spine Muscles Nerves will send you three monthly statements. If you fail to make payments or set up a payment plan, then your account will be referred to the collection agency and your ability to schedule appointments will be suspended. If you have been set up on a payment plan and fail to make two consecutive payments, then your account will be referred to collections. Due to the costs associated with sending out multiple statements, we reserve the right to assess any account with balances older than 90 days a monthly interest rate of 2%. Spine Muscles Nerves does not assess interest if the patient is on a payment plan and making timely payments.

Past Due Accounts – If your account has to be sent to the collection agency, additional fees will be charged. Due to the cost associated with setting up your account at the collection agency, we will add an additional fee of \$100 to your account. These charges along with your balance will be your responsibility. You will not be able to schedule visits until your account has been cleared.

Refunds

Overpayments will be refunded to the appropriate party. Patient refunds will not be processed until all pending insurance claims have been paid in full. Refunds of \$5 or less will not be issued unless specifically requested. If your spouse or dependents have a past due balance with *Spine Muscles Nerves*, your credit will be automatically applied to that account. If you, your spouse or dependents have a past due balance with *Spine Muscles Nerves*, your credit with *Spine Muscles Nerves* will automatically be transferred and applied as well.

Completion of Forms

There may be times when you request that we complete forms of various types. Examples may include: medical histories for life insurance applications, disability forms, FMLA, etc. There will be a charge (below), payable in advance, for completion of each form. Please understand that completion of such forms requires time by our providers and staff in order to ensure that they are completed accurately. Please allow for 7 business days for the forms to be completed.

- 1-2 pages: \$30
- 3+ pages: \$60
- Forms filled out by physician: \$60

Patient Acknowledgement

I authorize the release of medical information necessary to process claims for my insurance either by mail or electronic submission. I authorize payment of medical benefits to Spine Muscles Nerves for services rendered. I certify the information provided on this form is correct to the best of my knowledge. I understand that I am financially responsible for all charges whether they are covered by insurance or not and will be charged a service fee if sent to a collection agency.

I agree, in order for the practice or third party agency to service my account or to collect any amounts I may owe, they may contact me by telephone at any telephone number associated with my account, including wireless telephone numbers, which could result in charges to me. The practice or agency may also contact me by sending text messages or emails, using any email address provided by me. Methods of contact may include using pre-recorded/artificial voice messages and/or use of an automatic dialing device, as applicable.

I have read and agree to the above policies.

Your Rights Regarding Your Protected Health Information

You have the following rights regarding your protected health information:

CONSENT TO BILL INSURANCE

I consent for Spine Muscles Nerves (SMN) to bill my insurance(s) for services rendered with a SMN's provider. I understand that any service requested and delivered that is not covered by my insurance plan will be my responsibility. I am aware that it is my responsibility to know what benefits I have and I agree to pay any charges that are not covered by my insurance (Copay, Deductible, Out-of-Pocket).

I have verified my copay amount with my insurance company and understand that I have to pay this amount at the time of service. Other amounts will be billed to my insurance(s). Amount applied to my Deductible and Out-of-Pocket will be my responsibility to pay.

GENERAL HEALTH INFORMATION

Please place your initials at the beginning of each paragraph that's applicable to you:

_____ I am aware that *Tolerance* to analgesia means that I may required more medicine to get the same amount of pain relief. I am aware that *Tolerance* to analgesia does not seem to be a big problem for most patients with chronic pain, however, it has been seen and may occur to me. If it occurs, increasing doses may not always help and may contribute to side effects. *Tolerance* or failure to respond well to opioids may cause my doctor to choose another form of treatment.

_____ Males Only: I am aware that chronic opioid use has been associated with low testosterone levels in males. This may affect my mood, stamina, sexual desire and performance. I understand that my doctor may check my blood to see if my testosterone level is normal.

_____ Females Only: If I plan to become pregnant or believe that I have become pregnant while taking pain medicine, I will immediately call my obstetrician and this office to inform them. I am aware that should I carry a baby to delivery while taking these medicines, the baby will be physically dependent on opioids, and could result in neonatal opioid withdrawal syndrome which can be a life-threatening condition to the newborn. I am also aware that opioid use is generally not associated with a risk for birth defects. However, birth defects can occur whether or not the mother is on medications, and there is always the possibility that my child could have a birth defect while I am taking the opioid during pregnancy.

I have read (or have been read to) the above statements, and understand potential health risks. I have had a chance to have all of my questions answered to my satisfaction. By signing this form voluntarily, I give my consent for the treatment of my pain with opioid pain medicines. This Agreement will remain in effect as long as I am being prescribed controlled substances (ex: pain medicines) by a provider at Spine Muscles Nerves.
